## **BACKGROUND**

### **ONTARIO'S FIRST WOMEN'S AND CHILDREN'S HOSPITAL ANNOUNCED IN MISSISSAUGA**

#### **THP QUICK FACTS**

- Canada's largest academically-affiliated community-based hospital network, serving approximately 1.6 million patient visits annually, in one of the country's fastest growing and most diverse regions.
- Operates 1,457 hospital beds across multiple sites.
- Receives more than 214,000 visits per year to Emergency Departments.
- Performs approximately 65,000 surgeries annually.
- Demand for THP services will double within the next 20 years
- THP is the top hospital in the province for births and demand is expected to grow over the next two decades to over 10,000 births each year
- By 2041, our community will see a 39% increase in children under 18, the highest growth rate in Ontario
- THP is building a stronger community through *Trillium Healthworks*, the largest health care renewal plan in Ontario's history.
- THP serves a richly diverse community with over half of the community's population born outside of Canada, and over 18,000 newcomers arriving each year.
- 51% of residents live in low or very low-income neighbourhoods, impacting health in multiple ways

#### **WOMENS AND CHILDRENS HOSPITAL QUICK FACTS**

- 200,000 square feet of modern patient care space across two floors dedicated to women's and children's services
- Surgical suites within The Peter Gilgan Mississauga Hospital will be designed with the needs of women, children and gender-diverse people in mind, and five will be devoted to caesarean sections.
- 31 birthing suites that are 80% larger than in the current Mississauga Hospital.
- 53 postpartum recovery beds that are 70% larger, some with couplet care, accommodating parents and babies together in the same room
- 56 Level 2C NICU bassinets
- A child-focused Paediatric Zone within the Emergency Department
- 36 inpatient paediatric beds (including 12 beds dedicated to child and adolescent mental health)
- A full suite of women's and children's outpatient clinics that are integrated within a complete and inclusive system of care delivered directly and through partnerships

## **WOMENS and CHILDREN'S SERVICES QUICK FACTS (2021/22)**

- THP delivers the most babies out of any hospital in Canada, with 8,000+ deliveries each year, with the second highest number of postpartum beds for new mothers in the province.
- Performs over 4,200 women's surgeries annually
- THP has 48 NICU bassinets, the fourth most in Ontario.
- Cares for 36,000+ paediatrics Emergency Department patients
- THP operates the most inpatient paediatric beds in Ontario, outside of the four specialty children's hospitals Sick Kids, McMaster's Children's Hospital, Children's Hospital LHSC and CHEO
- THP is home to the Pediatric Oncology Group of Ontario (POGO)'s Satellite Clinic, which allows kids with cancer to be treated closer to home.
