PATIENT NAME		REFERRING CARDIOLOGIST	
DATE OF PROCEDURE	CHECK-IN TIME	PROCEDURE TIME	
CARDIAC PROCEDURE			

- In case of emergency and/or you are UNABLE TO HAVE YOUR PROCEDURE, please inform your Cardiologist's office AS SOON AS POSSIBLE.
- Bring the following to the hospital with you:
  - your HEALTH CARD
  - your HEALTH INSURANCE INFORMATION
  - this ENVELOPE and all its contents
  - your prescription medications in their original containers
- Carefully read all information in the envelope and complete the patient checklist on the back of this envelope.**

**DIRECTIONS TO THE "CARDIAC CATH LAB REGISTRATION"**

From any entrance, make your way to the "J" elevator. Take "J" elevator to "2R". As you exit the elevator, the "Registration Office" will be on your left hand side. If the registration clerk is busy with another patient, please take a seat in one of the chairs provided.

## PLEASE COMPLETE BEFORE COMING TO THE HOSPITAL

### PATIENT CHECK LIST

#### Prior to your procedure:

- Have your blood work and electrocardiogram done as soon as you receive this package
- Fill out the Patient Admission Questionnaire found inside this envelope
- Arrange for a responsible adult (family member or friend) to drive you home after your procedure and stay with you the remainder of the day and overnight
- Bring an interpreter with you if you need one
- Alert your physician if you have had a previous reaction to IVP DYE

#### Day of your procedure:

- Shower
- Do not have anything to eat or drink for at least 4 hours prior to your procedure
- Take your usual prescription medications with a sip of water – hold diabetic medications and Coumadin as directed by your physician
- Bring your prescription medications (in the original containers) to the hospital
- Leave your valuables at home
- Bring this envelope and all the contents to the hospital with you**

#### Important Notes:

- **Check in promptly 2 hours prior to your procedure. Procedure times are approximate only. You may have your procedure earlier or later than the scheduled time.**
- **You will be in the hospital for approximately 6 – 8 hours from the time of your arrival.**
- **You may NOT drive for 24 hours following a cardiac catheterization and 48 hours following an angioplasty.**
